## Taking Entertainment Suites to a New Level

The Vantage Suites define new standards as to what can be achieved in a temporary hospitality structure. Every detail has been researched, developed and designed to the highest possible standard resulting in the ultimate viewing and entertaining structure that can be tailored for any event. The ethos behind the Vantage is that each building will be unique, designed and built both internally and externally, to suit each client's requirements, from motor sport driver's lounges and international political meeting venues to executive sponsors suites at live events.

The Vantage represents a significant evolution of the Arena Scene suites, previously utilised on events including the British F1 Silverstone Grand Prix, Ryder Cup and Cheltenham Festival.
